

POWDER COATINGS

June 16, 2006

To Whom It May Concern:

Rohm and Haas recently employed Mr. Joshua Clarke to produce a video documenting our business – a brief who, what and why film. The video is shown at industry trade shows, seminars, and product fairs and is used by our sales force for customer presentations. Feedback has been excellent – the tool works!

In addition to the industrial film, Mr. Clarke also produced a very effective “vignette” that highlights the creative influences on and behind powder coating development. We have used this, running on a large flat panel screen at trade shows, as a prospect conversation starter and as a magnet to attract people to our display.

We were extremely impressed by Mr. Clarke’s technical abilities as well as his creative ideas for expressing our products, processes, and our passion for excellence. Most importantly he delivered on time, on point, and on budget!

It was a pleasure to work with Mr. Clarke and his associates and we highly recommend him for film and video projects – we certainly will use him again.

Sincerely,

Walter Lindner
